## What does a BID Ranger do?

BID Rangers are funded by over 600 businesses in the Bath Business Improvement District.

Our aim is to:

- Carry out planned rotational deep clean projects within the BID area.
- Respond to urgent issues raised by levy payers.
- Provide a service above and beyond the statutory obligations of Bath and North East Somerset Council as defined in the baseline agreement.
- Be ambassadorial, friendly and knowledgeable about city wide events - providing a visible presence.
- Act as a catalyst to deliver added value to levy payers.
- Work in partnership for the continual betterment and improvement of the streets.

BID Rangers have been in the area. ....
