

## **FEDERATION OF BATH RESIDENTS' ASSOCIATIONS**

Minutes of the Committee meeting of 13 January 2022 held on Zoom at 6.00 pm

There was a total of 28 people present

The Chair welcomed everyone. Apologies had been received from Neil Barnes, Stephen Little, Morny Davison, Paddy Doyle and Elizabeth Hallam.

1. Minutes. The minutes of the previous meeting on 11 November 2021, which were on the website were approved.
2. Transport Group Report. The Group's report was discussed as were issues concerning the reopening of Cleveland Bridge. There was also a discussion about "citizens juries" that the Council are planning to establish in connection with contentious transport-related questions. There was also a discussion about whether FOBRA should continue to be a member of the Bath Transport Alliance. It was agreed that a further meeting with the chair of the Alliance should be held.
3. LTN'S. The Chair noted that the roll-out of these had been further delayed but it appeared to be the case the Council would soon be engaging with residents on these and the co-design of them.
4. Planning Group Report. There was a brief discussion about this report which was felt to be comprehensive.
5. Entry Hill. The Committee was updated by Entry Hill's representative about latest developments and how it was expected things would develop over the short to medium term.
6. City Council. It was agreed that FOBRA should actively campaign for a City Council rather than some form of parish council and that a steering committee be set up to take this forward. It was noted that Taunton, for example was in the process of getting a city council, so this ought also to be achievable for Bath.
